

## SOLICITATION N0018926R0077 - SHIPBOARD VALVE OVERHAUL

Naval Sea Systems Command, Norfolk Naval Shipyard. NAICS 336611.

Offerors must be registered and active in SAM.gov under NAICS 336611 at the time of offer.

Offerors must hold a Master Ship Repair Agreement or an Agreement for Boat Repair with the Navy.

Offerors must provide evidence of an ISO 9001 certified quality management system.

## WORK ITEM 001 - VALVE OVERHAUL

The contractor shall overhaul 96 shipboard valves in accordance with the applicable technical repair standard.

The contractor shall return each overhauled valve to the shipyard within 45 calendar days of receipt.

The contractor must perform hydrostatic testing on every valve and provide the certified test record.

The contractor shall tag and package each valve in accordance with military packaging requirements.

## OFFER SUBMISSION AND AWARD

Offers shall be submitted on the Standard Form 1449 provided with this solicitation.

Offers must be received at the Norfolk Naval Shipyard contracting office by 11:00 AM Eastern Time on 7 December 2026.

Offerors shall submit a completed pricing schedule for all 96 valves.

Award will be made to the responsible offeror whose offer represents the lowest evaluated price.

The Government will verify the offeror's repair facility capacity before award.
