

SOLICITATION W91QUZ-26-R-0001 - ENTERPRISE NETWORK MODERNISATION

Department of Defense, Army Contracting Command. NAICS 541519, PSC D307.

The anticipated period of performance is a 12-month base period and four option years.

This acquisition is a total small business set-aside under NAICS 541519 with a size standard of \$34 million.

Offerors must be registered and active in SAM.gov before the proposal due date.

The prime offeror must hold a facility clearance at the Secret level at the time of award.

Offerors must have submitted a current representations and certifications record in SAM.gov.

SECTION L - INSTRUCTIONS, CONDITIONS AND NOTICES TO OFFERORS

L.1 The technical volume shall not exceed 40 pages, excluding the cover page, table of contents and resumes.

L.2 Use 12-point Times New Roman with one-inch margins on 8.5 by 11 inch paper.

L.3 Submit Volume I Technical, Volume II Past Performance and Volume III Price as separate PDF files.

L.4 File names shall follow the pattern CompanyName_W91QUZ-26-R-0001_VolumeNumber.pdf.

L.5 Offerors shall submit proposals through the Procurement Integrated Enterprise Environment no later than 4:00 PM Eastern Time on 14 December 2026.

L.6 Offerors shall submit a completed Standard Form 33 signed by an authorised representative.

L.7 Questions must be submitted in writing no later than 20 November 2026; answers will be issued by amendment.

L.8 The contractor shall provide three past performance references for contracts of similar size and scope completed within the past five years.

SECTION C - STATEMENT OF WORK

C.1 The contractor shall replace 1,200 end-of-life network switches across 38 installations within 18 months of award.

C.2 The contractor shall maintain 99.9 percent network availability measured monthly across all supported sites.

C.3 The contractor must ensure that all personnel with administrative access hold an active Secret clearance.

C.4 The contractor shall deliver a cutover plan for each installation 30 calendar days before the scheduled cutover.

C.5 The contractor should propose automation that reduces manual configuration effort and report the savings quarterly.

C.6 The contractor shall provide a transition-in plan within 15 calendar days of award and a transition-out plan 90 days before contract end.

SECTION M - EVALUATION FACTORS FOR AWARD

Award will be made on a best-value tradeoff basis. Technical and past performance, when combined, are significantly more important than price.

M.1 Factor 1 Technical Approach: the Government will evaluate the soundness of the proposed cutover methodology and the realism of the 18-month schedule.

M.2 Factor 2 Management Approach: the Government will evaluate the staffing plan, the key personnel qualifications and the risk mitigation approach.

M.3 Factor 3 Past Performance: the Government will evaluate the recency, relevancy and quality of the references submitted under L.8.

M.4 Factor 4 Price: the Government will evaluate total evaluated price for the base period and all option years for reasonableness and balance.
